Rotary International President 2023-24
January Newsletter

In difficult times like these, it's impossible to avoid feeling heartbroken over the devastation and loss of life caused by war and destruction. Rotary always stands against harming and displacing civilian populations and using armed aggression instead of pursuing peaceful solutions. We advocate for the observance and respect of international law. We believe in strong action to defend and promote peace, even in the darkest of times.

But we also take our position as an international, nonpolitical, nonreligious organization seriously. To respect the global perspectives and experiences of our members, and to work most effectively in our peacebuilding efforts, we do not choose sides in conflicts.

Rotary is made up of 1.4 million people in communities all over the globe who are united in our commitment to building a peaceful world. We strive to ensure that our words and actions prioritize the health and safety of our global membership and the communities where we live and serve.

Our members seek to offer humanitarian assistance to those affected by conflict, and our global reach requires that we promote peace building and conflict prevention with cross-cultural, cross-border connections and friendship through Rotary.
