LUNCH SURVEY RESULTS A TIE

It was a virtual tie in the lunch survey, between adding lunch costs to quarterly dues, and not providing lunch at all.

Club President Sheryl Webb asks everyone who wants to pay for lunch in their dues to notify Treasurer Ginny Dyer by the end of November. Members can also elect not to pay for lunch, and either bring their own or not eat at the meeting.

The costs will be added to dues starting in January, for those who elect it.

The lunch committee will provide Chinese for lunch this week.

MEETING SCHEDULE FOR NOVEMBER AND DECEMBER

There will be no club meeting on Thanksgiving Day, Nov. 23.

Next month, there will be no club meeting on Dec. 21 and 28.

A club holiday gathering is being planned for Dec. 14 at the Arts Circle Library. Details are still being worked out.

COMMUNITY PROJECTS COMMITTEE BEING FORMED

Anyone interested in serving on a community projects committee should attend a meeting at 8 a.m. Thursday, Nov. 16, at President Sheryl Webb's office on West Avenue.

Contact Sheryl if you plan to attend, or want more information.

CHICKEN BARBECUE RESULTS ARE IN

The club sold \$7,900 worth of chickens and chicken meals for this year's Chicken Barbecue, according to committee co-Chair Karen Cole.

The net "profit" for the club was \$3,500, Karen said.

We sold 73 chicken meals, including a half-chicken, beans, chips, roll and water.

We also sold 111 half-chickens alone, according to Karen.

There were 134 unsold tickets, but much of that costs was covered through donations, Karen said.

Thanks to all who made the event a success.

ROBOTICS CLUB AT MARTIN SHOWS SKILLS TO THE CLUB

Students from the Robotics Club at Martin Elementary School last week showed off their skills in building Lego robots, coding and other things that make robots do their thing.

The students demonstrated the devices they created on a board they built.

The robots also help autistic students work through their difficulties, the students said.
