REMINDER about ORBRC Club Foundation Donation!

The ORBRC Foundation is extremely appreciative to receive any and all donations in any and all forms. However, a few members have made direct deposits to the bank, and this makes it difficult to track those contributions. For the future we ask that all contributions be delivered by mail or in person so we can track and provide credit to everyone.

THANKS! Mike Morris

International Women's Day 2024

#IWD2024

Dear club and district leaders,

On 8 March, 2024, Rotary International is hosting a 60-minute panel discussion as a way to celebrate and recognize International Women's Day, and we would love for you to join us!

The discussion will focus on the importance of not only including but being a champion of women in leadership — in the workplace and beyond. We will discuss the importance of identifying leaders early, establishing mentorship and sponsorship programs, supporting women in joining women-led professional organizations, and focusing on allyship. We'll also announce and celebrate the recipient of the 2023-24 Sylvia Whitlock Leadership Award.

This event is open to Rotary members and members of the public of all genders. Feel free to share with your networks.

Speakers include:

**Aja Castillo,
Moderator**

DEI practitioner committed to enhancing the employee experience and fostering a culture of belonging within her organization.

**Anderson Zerwes,
Brazil**

Advocate for LGBTQ+, racial, and gender equality and disability rights.

**Angela Walker,
United States**

Two-time club president and current district membership chair who celebrates the diversity and creativity of the clubs in her district.

**Manjoo Phadke,
India**

Activist for DEI and gender equality and organizes and leads activities that benefit and empower women and girls.

We recognize that there is still a long way to go to achieve gender equality and empower all women and girls. The United Nations provides this sobering update on the sustainable development goal related to gender equality: "At the current rate of progress, it is estimated that it will take up to 286 years to close gaps in legal protection and remove discriminatory laws, 140 years for women to be represented equally in positions of power and leadership in the workplace, and 47 years to achieve equal representation in national parliaments."
