Dr. Stephanie Dean

Hello all!

I'm just so excited to share my news with you about my latest business venture. For those of you who don't know, I recently opened Corvidi Design, a boutique consulting firm where we help people who feel overwhelmed by digital tools gain the confidence and skills they need to show up powerfully online, lead effectively in virtual spaces, and make their voice heard in any setting (think using AI ethically at work, mastering your communication tech stack, putting together a consistent professional presence across platforms like LinkedIn, Instagram, podcasting or YouTube, or even coaching for communication techniques to show leadership or manage conflict in remote and hybrid workspaces).

It's ideal for me to coach people I don't know, so I'm asking for your help in finding someone you might know who would be willing to engage in this transformative process with me. I am taking on 5 clients at a very competitive rate over the next few months; offering a 6 week program for an hour a week, online or in person. I'm enthusiastic to work to with people who are committed to making a positive and powerful change in their life - especially as it pertains to their careers.

I am looking to schedule any referrals by November 8 for a 15 minute call to see if we are a good match. If you would be willing to forward this or make any introductions, it would mean the world to me.

Some of you have expressed interest in wanting to be coached, as well. Reply and let me know if I can support you via an introduction. I am passionate about this field and I know it can be rewarding for anyone!

Warmly,

Dr. Stephanie Dean
