## Georgia Campaign for Adolescent Power & Potential

By Leslie Boling on Sunday, August 18, 2019

Our speaker this week was Ronald McNeill from Georgia Campaign for Adolescent Power & Potential. The organization's mission is to "improve the overall health and well-being of young people in Georgia to ensure a more powerful future for us all."

Mr. McNeill shared with us some eye-opening statistics about the youth in our State and in our community.

- Georgia has the 8th highest obesity rate for youth aged 10-17 in the USA
- Teen birth rate is 36.8 per 1,000 teens aged 15-19
- Georgia is 4th highest in repeat teen pregnancies in the USA
  - Dougherty County could save \$1.3 yearly if all unplanned pregnancies among teens were avoided
- There are 8.1 suicides per 100,000 in Georgia among teens aged 15-19
- 6.2% of 9th grade students reported alcohol use in the past 30 days.
- Sexually Transmitted Infections are 8,060.6 per 100,000 teens aged 15-59

GCAPP is working with civic organizations, schools, faith-based organizations, human service professionals among many more, to educate and empower youth so that they will make more wise choices about things that can negatively impact them for the rest of their lives.

Our latest GSRP student, Wilhelm Kielland, has arrived in the USA. He is getting comfortable at Dan and Chris' Phillips home! We are so grateful to the Phillips for once again being so generous as to open up their home to a GSRP student! We all look forward to meeting Wilhelm very soon!
