International Service Chair

Brian C. Croft  
Vocational Service Chair

George S. Barnett  
iPast President

## This Week: GRSP Student Update

This week, our speaker is our GRSP student, Makanakaishe Chikundura! We'll be hearing about Maka's experiences so far as she pursues her studies at Dalton State College and also living here in Dalton. We're looking forward to hearing about all of her adventures.

## Meeting Recap: Hamilton Health

It's always a pleasure when we get the opportunity to hear from one of our own club members. Rotarian, Jeff Myers spoke to our club about the upgrades and growth Hamilton has had in recent years. Jeff has served as the President and CEO of Hamilton Health Care System and Hamilton Medical Center since 2010. He has also served as chairman of the board for Vizient Southern States and is also a member of the Georgia Hospital Association Board of Trustees, Georgia Alliance of Community Hospitals Board, HealthOne Alliance Board, Alliant Health Plans Board, and Georgia Health Select Board. Hamilton prides itself on being the only hospital in our region that is locally owned. That means local people taking care of local people and providing the best quality care.

Hamilton Health Care System is unique in the range of care options they provide. They can provide most all of the services a community hospital can, and they have recently started offering open heart care. After only two years of offering this, they have become the premier heart program in the Chattanooga Area. Other affiliates include Anna Shaw Children's Institute, People's Cancer Institute, Whitfield Health Care Foundation, Royal Oaks Independent Living, Whitfield Place, Hamilton Long Term Care, Hamilton EMS, Hamilton Physician Group, Hamilton ASC, and the Bradley Wellness Center. Through all the different areas that make up the health care system, the goal is to serve with compassion. Myers shared "if you wake up every day and think "I get to serve someone today" you will never work a day in your life". A sentiment we could all live by. The past several years have brought about tremendous growth in the hospital system. In the last decade they have grown from 2,100 associates to 2,800 and have recruited 70 new physicians since 2017. Additionally, they have undergone and continue to undergo renovations to their facilities. They have remodeled the emergency room waiting area, expanded the MICU, which was critical when COVID hit, renovated Bradley Wellness Center, updated all patient rooms, and constructed both the People's Cancer Institute and Anna Shaw Children's Institute. With a goal to provide high quality care, HHCS has no plans of slowing down renovations or providing high quality care to our community.

We are so thankful to have the kind of health care available in our backyard. Thank you, Jeff, the leadership team, and everyone at Hamilton Health Care Systems for their efforts.

## November 15th Birthdays and Anniversaries

### Member Birthdays

No birthdays this period.

### Birthday

### Partner Birthdays

Miller, Sara

### Member Name

Miller, Charles Dalton

### Birthday
