The Rotary Club of Johns Creek

By Arthur E Holst on Sunday, May 19, 2024

It's not what we do, it's why we do it.

Another good Rotary week with Project Vital on Wednesday at Emory Johns Creek Hospital. We distributed with our members and members of the Rotary Club of Johns Creek North Fulton, 300 bags filled with baked goods, gift cards, thank you cards etc. to hospital workers. They were very appreciative, and the project is still in process with 1200 personalized note cards to distribute and videos of health care workers forthcoming. Thanks to all who assisted at the event. We impacted hundreds of people on that day.

Congratulations to our directors and officers elected at last Monday's Club Assembly. It's always nice to turn the reigns over to others in July, and hope we have left things in good shape, as Lynn and Abbe and other past Presidents and members did for me in the past. We each build upon the other and good organizations are based on team work and passionate, accountable people. We have a ton of those in our club.

The district Assembly occurred on Saturday near Athens, and we were, as usual, well represented. 8 people from our club were registered and attended, and the day was filled with learning about next year 2024-2025 and the focus on membership and other areas. Our keynote speaker to close the session was terrific and had a wonderful story from ESP (Extra Special People) about helping people with disabilities in Georgia and made us all remember why we do what we do. Allen was one of the presenters in his role as an Assistant Governor and his energy is contagious, as we all know.

A few other friendly reminders.

- No club meeting on Memorial Day, May 27th.
- Peter Hildebrandt, President of the Johns Creek Symphony, will be presenting to our club this Monday, May 20th. A good friend and colleague and I look forward to seeing him as he reviews key elements of an orchestra structure.
- I asked if I could present a Rotary of Johns Creek Year in Review on Monday, June 3rd and will review all the great work you did this year. We sometimes forget when we are busy doing the "day job", how much impact we have on an ongoing basis. I hope you will be able to join us at that meeting.
