Rotary News for May 18, 2023

By David Shoaf on Thursday, May 18, 2023

The pledge was led by President Beth and the prayer was offered by Sue W.

President-Elect John Robitaille invited members and friends to the celebration of the officers' installation. The event is set for Thursday, June 22, 2023 at Sailfish Marina in Stuart. Appetizers, beer, wine and soft drinks will be served along with "fun"! Please RSVP with your and your guests' names via email at jrobitaille23@aol.com by June 19th.

Officers to be installed are:
John Robitaille as President,
Tom Brownell as president-elect
Dave Geller as Treasurer and
Beth Brownell as Secretary.

Kathy Lockhart brought 2 bushels of corn fresh from the fields of Belle Glade. Thank you, Kathy!

Happy and Sad

Michael Donnelly is celebrating his birthday today! His son also returned his tractor. Kathy is traveling to South Dakota this weekend! Dave Geller is heading to the Finger Lakes, NY for his Dad's Birthday. Gene attended a grandchild's graduation in Norman, OK. Linda's son is checking fire hydrants on Jupiter Island this summer. Lots of Happy Dollars for our Clark Interact Students from all members.

Clark Advanced Learning Center Interact Graduating Seniors

By David Shoaf on Thursday, May 18, 2023

Once again, we recognized our Clark Advanced Learning Center graduate members of Interact. These students filled us in on their high school years at Clark and their plans for the future.

President Beth pointed out that interacting means "To act in such a way as to have an effect on another". The class members have done just that.

Interact Advisor Dr. Bonds introduced each student. Beth presented each graduate with a Rotary Sash to be worn at graduation on Saturday.

Club President Katie Hernandez spoke first. She is planning on attending FL Gulf Coast. She accumulated more than 1,000 volunteer hours working with United Way and her church. She plans a career in the non-profit field.

Solano Perez was club secretary. She plans to attend USF and major in Biology. She

volunteered with the library system.

Delaney Dyer is attending Florida Institute of Technology in Melbourne. Her major is chemistry and her goal is to work with NASA and our space program. She worked with the kids at Jensen Beach Elementary and with Dr. Bell at the planetarium at IRSC.

Siena Perez is going to UF, where she will major in Public Relations. She has been interning in social media with a local firm and she worked on the yearbook staff.

Katie Hale is going to Washington College and plans to be a surgeon. She is playing lacrosse in college and has been teaching lacrosse to local students as well as refereeing.

Paola Villarreold is going to UCF in Orlando and plans to be a neuroscientist. She has volunteered with Rotary Club events and United Way. She is interning with the Brain Health Center in Stuart and hopes to focus on research.

Zoe Williams plans to attend Kenyon College and is planning to study pre-med. She hopes to practice as a dermatologist. She volunteered at South Florida Orthopedic and also tutored students in math.

Isabella Eig is attending FL Gulf Coast. She has focused on library sciences as her major. She has volunteered with the Hope Center for Autism and MC Library System.

Rekik Amme has volunteered with Big Brothers and Big Sisters. She plans to attend the Univ. of North FL and study Computer Sciences.

Outgoing President Katie presented incoming Interact Club President Dakota Beurrier with an Interact President pin.

Interact Clubs were founded 60 years ago at Melbourne High School in FL. The first club had 39 members and 35 projects. By the end of 1963 there were 177 clubs in 24 countries. In October 2022 Interact had more than 437,000 members in about 19,000 clubs, according to Rotary International President Jennifer Jones.

Keep up the good work and we look forward to all of you serving your community and the world through Rotary.

50-50 for May 18, 2023

The **50-50** was won by John Fedorek.
