Rotarians Helping Rotarians

Every year at the district conference, there is a service project. This year, Dan Sulger decided on Service Buckets. We refer to this as “Rotarians Helping Rotarians.” Since our District is mostly shoreline or near enough for an impact from a hurricane, Service Buckets with items collected from across the District will be filled and stored to be quickly deployed.

The following is a list of supplies AREA 10 (Branford and Lake City Clubs) was assigned to collect. If I can help with transporting the collected items to the district conference, I am happy to do so. **Remember Rotary District 6940 Conference April 28 – 30th, 2023, in Panama City Beach.**

Area 10 is assigned to collect the following items:

- Two pairs heavy duty rubber gloves
- Clorox bleach
- Clorox wipes
- Universal spray cleaner with Clorox
- Lysol spray
- Tide
- Dish soap
- Clothesline
- Clothes pins
- Scouring pads
- Brush with handle
- Contractor garbage bags
- N95 masks
- Cloths/Shop rags

Thanks so much,
Mel Kemmerer
Area Governor - District 6940
