Ed Acuff  
June 12th

## The Making of The Mission Statement

**4256 You are going to Moon with Rotary for Peace!**

## Our Goal.

To have 1000 Rotary Clubs united on the moon in spirit and with united voices proclaim their support for Peace On Earth.

That your Rotary Club members group photo will make you smile when you see the Moon, because we all are there.

That the small Rotary Space Capsule on the Moon will be a Beacon of Hope for Peace on Earth.

That your Rotary Club will join us on this eternal

That your Rotary Club will join us on this eternal Rotary Space Journey in promoting Peace.

Rotary on the MOON and peace on EARTH?

Yes. Exactly that. Rotary on the moon and the peace on earth project go hand in hand. It's unique yet simple. Rotary Club of Dr. Phillips Orlando started the Rotary on the Moon initiative to support Rotary peace efforts.

We wanted to find a place where all Rotarians could truly unite to carry out one message: we want peace on earth'. And as this is hard to do in a world which has borders, time, and other restrictions, why not do it on the moon.

Here we can truly all come together, and send our message to everybody on earth in a united way, building friendships that know no borders or limitations. So we designed cities on the moon where businesses, Rotary clubs and other friends can unite and carry one message: Peace on Earth.

### The Club will be On The Moon!

Our photo will be loaded in a Rotary Space Capsule and will land on the Moon in the South Pole area, The space rocket is a SpaceX Falcon Heavy and our Rotary capsule will be a part of the Griffin Moon Lander. The launch of the rocket is scheduled for a November 2024 launch from Cape Canaveral Florida.

The Club will be in a safe capsule on the moon. We will have our own compartment. The location will be room 203. Here is the information about our location in Peace City.
