That the small Rotary Space Capsule on the Moon will be a Beacon of Hope for Peace on Earth.

That your Rotary Club will join us on this eternal Rotary Space Journey in promoting Peace.

Rotary on the MOON and peace on EARTH?

Yes. Exactly that. Rotary on the moon and the peace on earth project go hand in hand. It's unique yet simple. Rotary Club of Dr. Phillips Orlando started the Rotary on the Moon initiative to support Rotary peace efforts.

We wanted to find a place where all Rotarians could truly unite to carry out one message: we want peace on earth'. And as this is hard to do in a world which has borders, time, and other restrictions, why not do it on the moon.

Here we can truly all come together, and send our message to everybody on earth in a united way, building friendships that know no borders or limitations. So we designed cities on the moon where businesses, Rotary clubs and other friends can unite and carry one message: Peace on Earth.
