Club Speaker Josh McCart

Pasco County's Energy and Marine Center is located on a coastal hammock on the Salt Springs Run Estuary in Port Richey, Florida. This facility is ideal for research involving coastal ecology, wetlands, marshlands, and estuarine environments. Here Salt Springs drain into the Gulf of Mexico providing comparisons between freshwater and saltwater environments. The center is surrounded by marsh grasses, three species of mangrove, and oyster bars. Frequent visitors to the center outside of the students, includes raccoons, foxes, armadillos, marsh hares, marsh periwinkles, egrets, herons, stingrays, fiddler crabs, turtles and tortoises, dolphin, the occasional manatee, and much much more.

Kipper Connell
Club Disaster Relief Chair

Another Hit Taco Tuesday

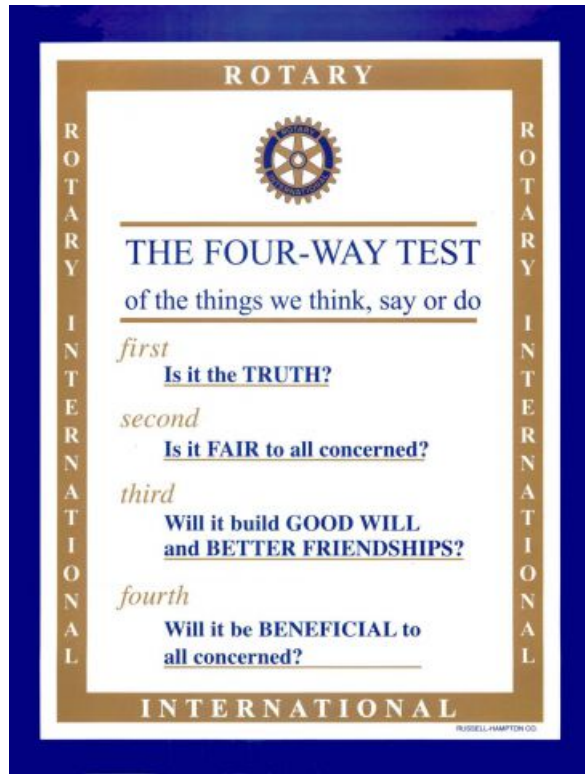

Ronnie, Junior and Amber, and Tom and Mrs. Leonard served the kids at the RAP House on Tuesday. Our club cooks for the kids on a regular basis, which gives everyone a chance to make an impact through service, compassion and a friendly word. See Tara or Ronnie about helping out! Many hands make light work!

September 21 - Keep Pasco Beautiful

Once again, we will be partnering with Pasco County for the Keep Pasco Beautiful Cleanup. This year it will be on September 21st. As always, we will have a crew at our Adopt a Road location out on Scenic Drive. We typically have lots of folks that help at these events, and the county looks forward to us dividing and conquering other areas of the county. (Last year we had ~42 volunteers made up of Rotarians, Interact, family, and friends and were able to assist in four different areas!)

Please let Matt know if you plan on attending, and include who will be joining you, so that he can request tee shirts.
