The Mother-Daughter Relationship Makeover combines a compelling mother and daughter memoir with self-help and a formula for readers to explore their own mother-daughter history, understand and ease their conflicts, and rediscover their appreciation and love.

Bestselling author Leslie Glass and her daughter, award-winning documentarian Lindsey Glass, offer a brand-new kind of interactive self-help book that combines actionable information, compelling storytelling, and writing prompts that are guaranteed to bring awareness, understanding, and compassion to mothers and daughters everywhere. It is a book that promises to heal your relationship and keep it strong, offering a positive pathway to peace and serenity no matter how far apart you feel you are.

Leslie and Lindsey have lived through their own traumas and devastating ups and downs in their relationship. They've turned their experiences into a successful platform for helping others and share them here in this book. They use their own tumultuous story, told from their respective points of view, to help mothers and daughters understand that even if you go off track, go to war, part ways for years, you can still find your way back to friendship, understanding, and love. For the first time, Leslie and Lindsey will share their secret sauce for healing, broken down into four steps:
