Designed and created the
Environmental Studies courses at
Ringling College of Art and Design

How to explain complicated things in a simple way to Adults

Biophilic Design and the Economic Values

Tim explains why his Art & Design students
understand what we can't.

Tim is introduced by Charles Reith

We card-boarded and mulched to 4 inches deep the footprint on the South side of our park near the road, up to about 10 feet from the road.

More information about upcoming dates for the project will be made available.

Charles Reith

FRIDAY, FEBRUARY 16TH, AT THE JACARANDA ECOPARK
