Exploring the Life of a Red Cross Volunteer: An Insightful Look

Sharon Litschauer and Gary Weinstein, two dedicated Red Cross volunteers joined us as they walked us through their activities with the Red Cross.. One of the key programs they discussed is their training program, a national initiative designed to educate adults and companies on emergency preparedness. Its comprehensive curriculum helps people prepare for and respond to various disasters, such as home fires and hurricanes.

Furthermore, the Red Cross offers several essential services in Florida and beyond, but contrary to popular belief, they don't collect blood donations in Florida.

These highly motivated retirees are there for us when needed most. And, you can volunteer in many ways yourself. Don't miss the end of the recording to learn how their iconic symbol came to be.

BILL JOHNSON
FOUNDER
BRILLIANT HARVEST

MEETING AT SELBY LIBRARY A PASSION FOR RENEWABLE ENERGY

Born in Denver, CO, Bill Johnson moved to Sarasota, FL in 1975 with his family, and grew up with solar hot water and solar pool systems on his roof. Bill received his undergraduate degree in physics from Emory University in Atlanta, GA, a Masters in Physics from the University of South Florida, and an MBA from the University of Florida. Bill founded Brilliant Harvest, a state certified solar and electrical contractor, in early 2009, to serve residential and commercial clients on the west coast of Florida. In addition to being a state licensed solar and electrical contractor, Bill is certified by the North American Board of Certified Energy Practitioners, NABCEP, as a Solar Photovoltaic installation professional, the highest level of achievement in the solar industry. Bill is an active community volunteer who currently serves as Treasurer of the Florida Solar Energy Industry Association and on the Sarasota County Development Services citizens
