Club

Invocation:

If you missed us last week-our members enjoyed another great "Beyond the Business Card". **Chris Eckols** one of our members facilitated the meeting. Developing a core group of business contacts can be a difficult task, as it requires commitment and most people don't have the patience for the process. It is important, however, to know who the contacts are that you can rely on for professional and personal emergencies. This is your personal A-list. This meeting help members develop those

closer connections!

Our Club Foundation is looking for a strong Treasurer.

If you know someone who would make a great candidate please contact **Billy Wagner**.

It's time for the Rotary Club of Ponte Vedra Beach's popular annual Luxury Trip Raffle, and this year's destinations are among the

best ever! Who doesn't want to win a fabulous trip to an exotic locale? One lucky winner will win a trip for 2 of their choice to one of five fabulous destinations! Take a chance to win a luxury stay for two to your choice of Bavaria, Brazil, Ireland, the Pacific Northwest and the French Alps! Tickets are \$100 each or 5 for \$400. Drawing will be held at the Mineral City Celebration on April 13th. *You do NOT need to be present to win!*

With over a decade of experience in the financial services industry, Dawn Alexander works closely with clients to develop financial plans that highlight their values, their multigenerational goals, and ultimately, allow them to create their legacy. Dawn takes care to understand her clients' personal and financial goals, family dynamics, balance sheet needs and philanthropic interests. She enjoys taking a holistic approach, cohesively advising clients across many facets of their lives. Her clients count on her as a thoughtful steward of their wealth, helping to preserve and grow what they have worked hard to achieve. Over her professional career, Dawn has earned multiple advanced professional certifications to strengthen her offering to her clients. As a Certified

Financial Planner, Dawn has extensive training in understanding the complexities involved in managing the multifaceted, nuanced financial concerns and challenges of wealthy families. She follows a highly structured planning process that identifies financial objectives, sources of income, cash flow, asset management, risk management and estate planning strategies. Her passion lies in helping clients through times of transitions including retirement, selling a business, loss of loved one, or divorce. Dawn incorporates an educational component in her discussions with clients to ensure that they have a clear understanding of their options and then, assists them in making sound financial decisions that will lay a foundation for greater financial security and flexibility. After growing up and seeing her own family struggle after the passing of her mother, Dawn has had a deep desire to help people understand and improve their financial situation. This is what led Dawn to the Wealth Management industry.
