Rotary International News

This Jeep was furnished by Rotary members to Midwives for Haiti to reach mothers in remote parts of the country. When the Jeep made its last trip, Rotary members provided another vehicle to allow the midwives to continue their work and protect mothers and children. [#WorldHealthDay](#)

Did You Know?

Are you aware of the responsibility or obligation most Rotarians fail to perform? Paying their dues? Attending meetings? Contributing to the club service fund? Participating in club events and projects?

No-none of these!

Of all the obligations a person accepts when joining a Rotary club the one in which most Rotarians fail is ♦sharing Rotary.♦ The policies of Rotary International clearly affirm that every individual Rotarian has an ♦obligation to share Rotary with others and to help extend Rotary through proposing qualified persons for Rotary club membership.♦ It is estimated that less than 30 percent of the members of most Rotary clubs have ever made the effort to propose a new member. Thus, in every club, there are many Rotarians who readily accept the pleasures of being a Rotarian without ever sharing that privilege with another qualified individual.

The Rotary policy on club membership states: ♦In order for a Rotary club to be fully relevant to its community and responsive to the needs of those in the community, it is important and necessary that the club include in its membership all fully qualified prospective members located within its territory♦ One merely has to glance through the yellow pages of the local telephone directory to realize that most clubs have not invited qualified members of all businesses and professions into Rotary.

Only a Rotarian may propose a customer, neighbor, client, supplier, executive, relative, business associate, professional or other qualified person to join a Rotary club. Have you accepted your obligation to share Rotary? The procedures are very simple, and everyone must know at least one person who should belong to Rotary.
