Speaker for Monday, March 11th - Chad Macfie, Manager of the Marine Science Center in Ponce Inlet

Chad Macfie started his career at the Florida Museum of Natural History where he worked in the fish collection and as a shark fisheries biologist. Since joining the Marine Science Center, Chad has worked as the Aquarium and Life Support Systems Manager, Special Projects Coordinator, and Director. He also works with Volusia County's Artificial Reef Program training divers on fish and invertebrate identification and underwater surveys.

YOU'RE IN CHARGE.

Dennis Shelley

Message from the District Governor, March 2019

March is Clean Water & Sanitation Month

When you look at this glass do you see it as half empty, or half full? When I look at this glass, I see opportunity.

An opportunity for children to attend school on a more regular basis, free of waterborne disease. An opportunity for mothers to spend more time at home caring for their family and less time carrying water for miles.

As I stand here looking out over the beautiful Silver Glen Springs, I am reminded of my family and how fortunate we are to enjoy this natural beauty with its underground aquifer.

But not everyone is as fortunate.

Worldwide, one out of every 5 deaths in children under the age of 5 is caused by water related diseases. And, 250 million teenage girls will miss school for days at a time because they lack access to feminine hygiene products. And this is happening in our own backyard.

Rotarians share these concerns and we are working to break this cycle of poverty. We have brought clean safe water to villages in Nicaragua and we are supplying hygiene kits to girls in Cambodia.

And in Haiti, we are working with the government, corporate partners, community partners and NGOs to bring clean water and sanitation to every citizen of that country.

But we are not stopping there♦

Rotarians around the globe are working to bring clean water and sanitation to every citizen of the world by the year 2030.

Rotarians are opportunity builders! We provide families with hope, health and the opportunity to live a better life.

As we celebrate Clean Water and Sanitation month, I ask; what opportunity will you provide and to whom? Please join me in Being The Inspiration!

Rotary International News

Have you ever wondered how Rotary's mottoes came to be? Discover the origins and evolutions at on.rotary.org/2TjtJrk

Did You Know

◆Rule of 85◆ The so-called ◆Rule of 85◆ is alive and well, although modified by the 2010 Council on Legislation. It is hard to find because it is not officially called the ◆Rule of 85◆, nor a type of Rotary membership (◆Active◆ or ◆Honorary◆ are the only two) ◆ it is merely a provision listed under ◆excused absences◆ in the Standard Rotary Club Constitution. It provides that if a members combined age and years of service equal 85 years or greater, they are at least age 65, and they ask to be excused, then they are excused. Additionally, they don't count against the club's attendance figures. Example: Member John Doe will be 65 in June 2015 and he will have 20 years of service in October 2015. This qualifies him for exclusion from attendance starting in October 2015. This will not affect his or her membership status in any way, but will simply allow the Club Attendance Secretary to exclude him from the attendance percent if he does not make a meeting. However, if he attends a meeting he should be counted toward your overall percentage.

Club Meeting

Daytona Beach
Meets at Palmetto Club
1000 S. Beach St.
Daytona Beach, FL 32114
Time: Monday at 12:15 PM
