The Rotary Foundation

As Rotary's one and only charity, The Rotary Foundation (TRF) taps into a global network of Rotarians who invest their time, money and expertise into priorities that align with our seven areas of focus and Foundation grants empower Rotarians to approach problems such as disease, poverty, illiteracy, and malnutrition with sustainable solutions that leave a lasting impact.

The Rotary Foundation is known throughout the world for its exceptional financial management and for the efficient use of its donations. Every year since 2008, TRF has received the top four-star rating from Charity Navigator, the world's largest and most trusted charity evaluator. This rating is a standard achieved by only one percent of charities for judicious care of donors' money.

A Guide To Global Grants

[Global Grants](#) support large international activities with sustainable, measurable outcomes in Rotary's areas of focus. By working together to respond to real community needs, clubs and districts strengthen their global partnerships.

What can Global Grants support?

Global Grants can fund:

- Humanitarian projects
- Scholarships for graduate-level academic studies
- Vocational training teams, which are groups of professionals who travel abroad either to teach local professionals about their field or to learn more about it themselves

Do these have to be big projects?

Projects supported with a Global Grant must have a minimum budget of US\$30,000. This is to ensure that we are working on larger projects with more impact, meeting the needs of the community. It is important to include sufficient funds to ensure the sustainability of the project including such matters as training.

Where does the money come from?

The funds can come from cash that you and your club raise; from your district's "DDF" (District Designated Fund) – a block grant of money your district has each year to support The Rotary Foundation's work with clubs in your district; and The Rotary Foundation World Fund – which itself matches 80% of the DDF contributions included in the funding plans.

Do we have to work with any partners on the project?

Global Grants are designed for two or more clubs in different countries to work together, cementing the wider community within which Rotary works, and bringing a variety of knowledge and skills to our projects.

Where can I get more information?

There's a wealth of information on the Rotary website. Start with my.rotary.org/en/take-action/apply-grants/global-grants For more details see the Resources and Reference documents on that page.
