Theme Month: Education

This Week's Topic: Trade Education in Jacksonville

Welcome Greg Jones, President of J-Tech Institute

Greg Jones, a member of the Rotary Club of Jacksonville, is president of J-Tech, a non-profit educational institution, that provides training for a much needed workforce for the trade industry. Representing Jones Technical Institute (J-Tech), Jacksonville's "Hometown Trade School," Greg Jones has been serving the needs of students for more than twenty-seven (27) years. Representing the fourth generation of a family devoted to private, career-focused education while being a product of Duval County Public Schools and Florida's State University System, Greg possesses unique perspectives regarding the placement of the trades within our society's traditional and hierarchal education system.

J-Tech offers certificate-based training in their 168,000 square foot facility in Jacksonville. They partner with industry leaders, such as NAPA Auto Parts, to offer hands-on training for the Automotive, Diesel, Marine & RV and HVAC technology.

The mission of Jones Technical Institute is to instill in every student, through a quality education and motivation, belief in themselves and their ability to succeed. Students set goals and objectives within their reach and with the technical knowledge and skills they acquire, our students can become successful in technical, trade, and vocational professions. J-Tech also aligns its mission with building partnerships within the industry and community to enhance its programs and opportunities for its students.

presents

Rotary Club Of South Jacksonville

The South Jacksonville Rotary Club **Derby Experience** is an exciting evening of fun, fellowship, food, beer, wine, cocktails and gambling for everyone.

The Saturday night experience on the river at the Bolles School will be a night with friends and family and will feature an evening of heavy hors d'oeuvres, Bourbon and Wine mystery pulls, artwork by NFSSE students and gambling tables!

Proceeds from ticket sales and generous donations will benefit the North Florida School of Special Education (NFSSE) and the Rotary Club of South Jacksonville Charities. This will be a night that you'll never forget!

World Immunization Week: April 24-30

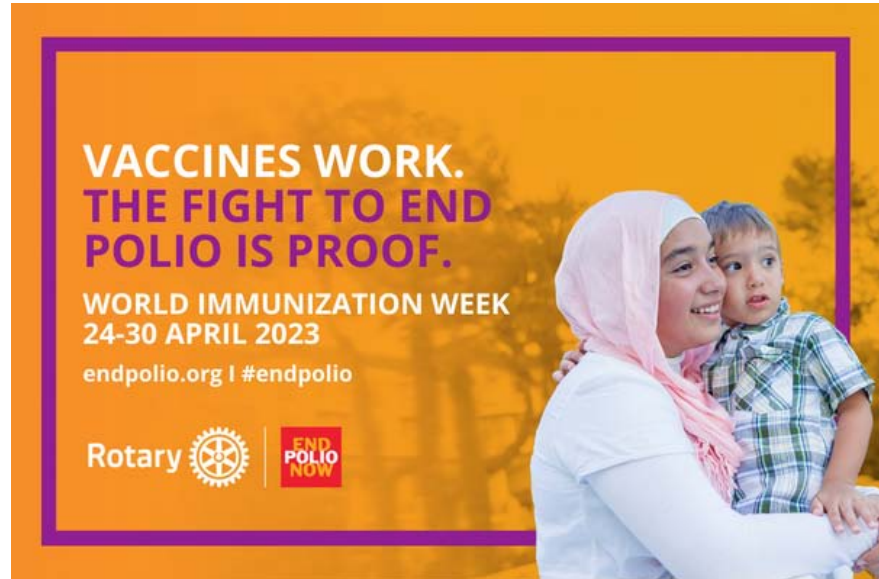

With decades of experience in polio eradication, Rotary members play a key role in publicizing the power of vaccines. In part because Rotary members and partners have worked so hard to counteract vaccine hesitancy and reach all children with the polio vaccine, we've immunized billions of children against the disease. **Promote the power of vaccines for World Immunization Week this April**

WORLD
IMMUNIZATION
WEEK

24-30 April 2023

World Immunization Week, 24-30 April, is an opportunity for Rotary and Rotaract clubs to spread the message that vaccines save lives. It's critical to continue polio vaccinations for children around the world and to advocate for COVID-19 vaccinations for all.
