## Club of Fleming Island

**Greetings RCFI, our speaker last week gave out some great tips on avoiding issues with your computer security. Not listening to his advice comes at the risk of losing all your data. Be careful out there. This week our own Andy Chaff and Jeff Wesselman will provide updates from our local utility providers. Also there will be a short Wine and Beer Tasting event meeting immediately following the club meeting. Hope you all can make it!**

**Bill Lewis Senior Technologist with Xtreme IT**

By Alayna Summanen on Wednesday, January 25, 2023

Our speaker was Bill Lewis, Senior Technologist with Xtreme IT. His topic was Personal Cyber Security, Internet and Computer Information.

Bill's advice:

\*Update your software

\*Use strong passwords-and different passwords for different sites

\*Enable multi-factor authentication-in your account security settings or your email hosting company

\*If suspicious about an email, check to see who the sender is and never click on links or pop-ups from them, if you're still not sure call to verify

\*Protect your email address-it's a gateway to a ton of your personal information

### Speakers

**February 08, 2023**

[Andy Chaff and Jeff Wesselman - County Updates from CE and CCUA](#)

**February 15, 2023**

### Events

No Events found

**Personal Cyber Security, Internet and Computer Information**

1. Beware of Bogus Windows Security or Purchase Phone Calls – Hang up, searching online for tech support, Sucker List after calling other legitimate computer company for computer tech support.
2. Web Popups with Urgent Message or voice to call 800 number, To Stop Message ( Hold CTRL and ALT Keys then press DELETE Key ) Screen Pops Up, Click Task Manager, End Task on Browser.
3. Phishing Emails – trying to get account information for banking accounts, email accounts, iCloud, etc. Usually a scary message that demands immediate action.
4. Fake Purchase Emails – Telling you that a product or security product purchase must call a bogus phone number to cancel. When computer is accessed by hacker, they will try to access your bank account and convince you that an over refund has happened and to send cash to repay.
5. Secure Passwords for sensitive, finance and email with Upper and Lower case, numbers and Special Characters, 2 Step or Factor Verification, Verify Security Questions
6. Data, Music & Digital Photographs Backup to External Hard Drive or Online Backup: Carbonite, iDrive, MozyOnline Backup, iBackup, DropBox, Google Drive, Microsoft OneDrive, Etc.
7. Bogus Emails with Zip File or Infected Attachments – CryptoLocker, CryptoWall – Encrypts all files and demands ransom.
8. Web Filter Setup to control Children & Family Access to the Internet, www.k9webprotection.com & Microsoft User Setup, Web Filter browsers for mobile devices, Turn on restrictions, review activity.
9. ID Theft Protection – Lifelock, ID Shield
10. Since 2004, the President of the United States and Congress have declared October to be Cybersecurity Awareness Month, <https://www.cisa.gov/cybersecurity-awareness-month>
