

Rotary

Club of Fleming Island

And just like that Swine And Dine Derby is behind us. Those who were there know what a great event it was, the rest will just have to judge for themselves from the pictures of barbecue sauce smiles on the faces at the races! Thanks to all who worked so hard to make it not just a profitable fundraiser, but a fun event for all ages.

For this Wednesday put your Rotary Pin on your "Shrimp Stuff" as we have the Assistant General Manager Matt Goudreau speaking about the Jumbo Shrimp and minor league sports in Jacksonville. Not sure if you all saw, but we also have the Savannah Bannanas coming to play the Shrimp next year, which should be quite a game! See you all Wednesday! Bill

Dr. Keith Ashley - UNF Archaeology Dept

By Alayna Summanen on Wednesday, September 28, 2022

Dr. Keith Ashley, head of the UNF Archaeology Lab spoke to us this morning on the Lab and Native Americans in Northeast Florida. He spoke about the history of Indigenous people in NE FL starting in the 1500s with the Timucua. There were Spanish missions from 1587-1702-priests came to where the indigenous people were and settled. There were priests on both Fort George and Cumberland Island. He and his students have been performing digs on Big Talbot Island since 1998 which is where they believe Sarabay-one of the indigenous peoples villages-is. They execute shovel tests, screen it, record it and then cover it. They work and record in the metric system. They have found thousands of pieces of pottery which provide an abundance of information about the people and how they lived. They've also found some religious iconography. They are currently working on a dig that they believe to be a council house-a sacred place. They've only found one in FL in Tallahassee. They receive their funding from grants.
