Rotarians Karen DeVinney, Carralyce Buford and Sandra Prieto participated in the Tools 4 Seminole Schools in Sanford last Sunday to sort and organize school supplies for Seminole County Schools. Their efforts helped alleviate the burden from teachers and low-income parents by organizing school supplies for the incoming school year. Teachers often spend as much as \$500 of their own money...some probably more...buying supplies for their students and materials for their classrooms. Over half of Seminole County's student population qualifies for the free or reduced meals program. The need for help is district-wide. The store has everything from pencils, notebooks, crayons and glue to tissues, socks and underwear... whatever is needed for students to be in school, ready to learn. Summer School Supply Drive will run July 11 - September 10, 2022.
