Today's Speaker/Program

Speaker:

The speaker Daniel Verdier is a guest of Anna Alvarez. He is the principal at Keys Gate Charter High School. He has been principal there for 3 years and is proud of the schools highest graduation rate. The school has over 800 students. He is working on several projects including the following:

- The opening of a VPK is a Pre-Kindergarden program that is much needed in the community.
- Starting an engineering school, students will be focused on aerospace & civil engineering. He'd like to partner with local businesses to enhance the experience of the students and build partnerships.
- Build a Beach Volleyball court or risk losing the sport and it's players. The completion goal is 2025 and they need \$25,000. This is also aa great sponsorship opportunity for a local business.
