Cultural District Project Underway

By Leslie Ann Osche on Monday, November 28, 2022

Butler Rotary's Cultural District Project Selected for PA Council on the Arts Grant Program
Join the Butler Rotary as we launch our latest community project, establishing a Cultural District in the City of Butler where arts and culture can grow and are celebrated. Our vision is to provide a vibrant interactive and walkable space that in addition to celebrating arts, helps keep and attract our youth and young families while driving tourism, economic growth, and healthy lifestyles. Rotary will provide ongoing support for arts and cultural collaboration, marketing, art installations and events.

We are pleased to work alongside Butler's arts community and organizations, our beautiful churches and their congregations, businesses, education institutions, Butler Downtown and Butler City Council to accomplish this goal. There is nothing we cannot accomplish together.

Thursday, March 16, 2023

Years of Service

Joseph E. Neigh
19 Years

Signage installation is our first fundraising goal. There will be many opportunities over the next two years for you to help us! So please continue to visit our website and social media pages to watch for those opportunities.

The latest news is that we were selected to complete an application for the PA Council on the Arts Creative Communities Grant Opportunity to win up to \$25,000 per year for four years! Stay tuned.
