### Communications Update with Michele Jurysta

Michele went over the marketing in Cranberry township – lucky to have a local newspaper delivered and make sure we are advertising and promoting in the right places. Social media and other platforms are being explored by the committee, but due to the fact we are limited by time and resources we need to make sure we are reaching the correct audiences so that our efforts are not duplicated.

Michele asked the group – where do you get your local news? Do you look at Twitter, do you listen to KDKA, or the "Pickle" on your way to work? Do you subscribe to the municipal newsletter?

Karen Newpol shared word of mouth is the best route for her to receive news.

Dan Santoro offered comments about partnerships. We are competing with other clubs and other service organizations and the mission of CTCC whose initial inspiration was to bring the non-profit and service groups together and highlight them. That's our mission to bring people together. People who have a heart for service and all service organizations.
