District 7280 Newsletter January 2023

Message from the Governor

It's now January, what more could have been done last year? Do not regret the things that have been forgotten. It's time to start again and not make the same mistakes as we did in the past. What changes do we make? What promises do we make, and what will we change to make a bigger impact in our lives?

Just a few questions each of us face. It is our job to plan and then execute the plan? The beginning of a new year is a perfect time to begin again.

Happy New Year to all of our Rotarians around our District.

Jack

District Governor Project Update

By Jack Cohen on Tuesday, January 10, 2023

One of the District Governor's projects that I picked for 2022-2023 was the North Country Trail. Thanks to all the Clubs for their donations towards this cause. District 7280 was able to send a check for \$15,000! We ran into great luck also, because we were able to have our donation matched which made the total donation \$30,000! That is a great amount to contribute to the Pennsylvania part of the North Country Trail.

Rotary International President-elect R. Gordon R. McNally calls for Rotary to create hope in world by working for peace and mental wellbeing. He urges members to engage in tough conversations and earn the trust that's necessary to realize these values.

"Create Hope in the World" is the 2023-2024 theme announced.
