A Message from the District Governor

Hello!

As I continue to visit Rotary Clubs, there is something I've realized after more than 35 visits: No two Rotary Clubs are the same. And, quite frankly, that's the way that it should be, because no two Rotarians are the same as one another. These differences provide us an opportunity to make a positive contribution to our communities and world. As individuals from all walks of life, with different careers, backgrounds, and upbringings we become a powerful force when come together as one group. Our vast experiences give us a better combined understanding of the needs of the communities and organizations we aim to help. As Rotarians we must always remember to embrace and celebrate our diversities.

District Leadership Meeting

On September 24th, District leadership met to discuss their contribution to Rotary and upcoming District events. Each district team member, area governor, and committee lead reported in and shared their successes with the team. The meeting was organized, well attended, productive, and collaborative. The team plans to meet each quarter moving forward.
