ETSU President Dr. Brian Noland

Dr. Brian Noland became the ninth president of East Tennessee State University in January 2012 after serving for six years as Chancellor of the West Virginia Higher Education System. He holds a bachelor's degree in political science, a master's degree in public policy studies, both from West Virginia University. He earned a Ph.D. in political science from the University of Tennessee Knoxville. Through President Noland's leadership, operational units were restructured to support student success, a move that has yielded greater efficiencies and the highest graduation rate in the history of the University. Under his leadership, ETSU has launched the largest volume of capital projects in its history. Dr. Noland is a board member for the American Council on Education, The American Association of State Colleges and Universities, Ballad Health, and the Tennessee Valley Authority. Dr. Noland also is an Institute of Higher Education fellow at the University of Georgia.
