Nexium International's Juan Carlos Cevallos

Juan Carlos Cevallos has been married to Courtney for the last twenty years. They have three children and have been serving overseas for the last 8 years, developing youth leaders throughout Latin America using outdoor and adventure activities. Their passion is to see youth leadership being developed and disciplined to reach the next generation.

Juan Carlos has served as a youth leadership developer in different experiential education settings in South America and now serves as the Vice-President of Nexus International, a global youth leadership Christian discipleship organization. In this position, he spearheads the efforts to support leaders in Latin America.

Nexus International recognizes that over 96% of the world's young people live outside the U.S. whereas around 95% of the world's youth ministry resources are spent in North America.

With such a vacuum of leadership worldwide among younger leaders, they fill a much needed and under-supported niche in world missions.

The organization's vision is to develop indigenous leaders who, growing as disciples of Jesus, will establish mission communities to make disciples of young people in their area. Their mission is to identify, encourage, and equip indigenous leaders who, growing as a disciple of Jesus, will establish mission communities to make disciples of young people in their area.

After-Fair Wheel Cleanup

We need as many Rotarians as are able to come help with the after-fair Rotary Wheel cleanup this Wednesday. We'll meet at 5 pm and the more people we have helping, the faster we'll get it done. If you are available, please come!
