## Eric Lathem-Johnson City Brewing Company

By David Strickland on Monday, September 26, 2022

**A Story Behind Every Beer...Our story began when Eric and Kat Latham formed the Peyton Street Beer Club. Eric and Kat would invite friends, family, and even strangers over to taste home brew and craft beer from around the world. Great conversations ensued (as they usually do after a couple of brews), and there was always a story behind every beer. After moving to Northeast Tennessee, Eric and Kat began looking for the perfect place to setup a brewery and, in 2014, Johnson City Brewing Company was born.**

## Bicycle Playground Park Project-Rotary

By David Strickland on Tuesday, September 13, 2022

The board has approved fundraising for a new bicycle playground for Johnson City, Tn. What is a bicycle playground?

Many people live in neighborhoods where kids don't have a safe place to learn to ride, so they end

up trying to learn on the sidewalk or in the street. In a neighborhood with a bicycle playground, parents can teach kids to ride in an area created just for that. Open spaces allow for better sightlines for parents to watch their kids without getting in the way of their fun.

There's added motivation for kids to learn to ride, since they're witnessing other kids riding and having fun. Your kids may improve their social skills while building confidence in their own abilities.

Bicycle playgrounds have benefits that kids never think about yet sit at the top of the list for recreation professionals, such as getting kids outside, learning balance, gaining strength, focusing on and completing tasks, and interacting with other kids. Bicycle playgrounds also teach kids to practice taking turns as they complete laps around the track. Children who are physically active at a young age are more likely to maintain their physical fitness through adulthood, which reduces age-related maladies and diseases.

Stay tuned for more info on how to become involved!!! Brackton Smith will be leading this project.
