## Joe Wise-Wise Property Solutions-Johnson City Commission

By David Strickland on Monday, January 9, 2023

General Manager, Joe Wise, PCAM® (Professional Community Association Manager), CMCA® ([Certified Manager of Community Associations](#)), AMS® ([Association Management Specialist](#)), PCAM® (Professional Community Association Manager) understands the needs of his clients. As a resident of a condominium community, Wise was struck by the lack of professionalism and civility at annual meetings. Trained and internationally experienced as a business administrator and manager of business and corporate communication, he knew things could and should be different. When elected to the Board communicating with homeowners, and providing accuracy and transparency in reporting the administrative and financial details of the community association—these same commitments to quality and professionalism drive Wise Property Solutions today.

Joe has a bachelor's degree from Milligan College. He has done additional graduate work at both East Tennessee State University and the Emmanuel School of Religion.

Wise is certified as a CMCA, AMS and PCAM. To obtain and maintain these certifications, a manager must complete the comprehensive course work, pass a national certification examination, adhere to standards of professional conduct and take continuing education courses to recertify.

Joe is active in community service and is the Treasurer of the East Tennessee Science Fair and Past President of the Kiwanis Club. He has also served as a board member of the Kiwanis Club and a delegate to the annual convention of Kiwanis International. He has served as a member of the Executive Committee of the North American Christian Convention, the Business Development Council of the local Chamber of Commerce, as Chairman of the Johnson City Regional Planning Commission, and as a Washington County Commissioner. He currently serves on the Community Association Institute (CAI) Legislative Action Committee, the City Commission of Johnson City, and as Mayor.

He and his wife have two sons and a daughter.

## Rotary 7570 District Conference March 3-5th

By David Strickland on Monday, January 9, 2023

**Our Rotary District Conference is scheduled for March 3-5, 2023 in Salem, Va. We are hoping to have at least 20 members attend the conference this year as we continue to build a service about self mission.**

**Why should you go to the district conference? To find out how large your investment in Rotary is making a difference in our region and nationally and internationally. To network with other like-minded people who want to make a difference by serving others. To attend talks about projects all over the world and the progress of using Rotary dollars to improve life for others. To learn more about the members that you currently serve with in our Rotary club. It will be a great time of fellowship and learning!!!**
