Community Outreach- Churchland Rotarians Participate in the Walk for Breast Cancer Awareness

By Duraid Alnaif on Monday, October 31, 2022

By President Charles Owens

Rule Number 5 – Will it be Fun?

In recent years, there has been an informal addition to our tried and true Rotarian 4-Way Test. Quite simply, the question of "Will it be fun?" can be heard shouted with enthusiasm in many clubs, now around the globe, and "rule

number 5" has certainly become a staple at the Rotary Club of Churchland.

Justifiably so, all service organizations need to assess whether or not what our members are doing has some measure of fun. Even the toughest choices of service should have some element of joy baked in, so that while our members strive to make a difference through "Service Above Self", they can truly make a difference with a sincere smile on their face – you know, the kind of smile that comes from deep inside, warms the heart of the people we serve and genuinely shows what Rotary is all about.

This past weekend, October 29th, several members of the Rotary Club of Churchland turned up at the crack of dawn to lend a helping hand at the 1st Annual Community Outreach Breast Cancer

Walk sponsored by the Community Outreach Coalition in Portsmouth, VA. Club participation was coordinated by Outreach President (and Churchland Rotarian), Dr. Kendra Robinson.

Our participation served the dual-purpose of supporting a very worthwhile cause and addressing our Club initiative of being more visible in our communities. As several of our Club participants noted, they were able to engage some of the other volunteers that were in attendance about what Rotary is and what Rotary does. The best invitations for joining our organization come from seeing us in action and being able to address questions from an up and coming generation that has little to no understanding of Rotary.

So, will it be fun? Let me put the question through the checklist:

- Community Involvement
- Visibility in the community we serve
- Support to a worthy cause
- Active outreach to potential new members

Answer: unequivocally, yes!
