**SERVE TO CHANGE LIVES**

Chris and Milena have been hard at work keeping our website up to date and I encourage you to visit it as well as to send him items of interest to be posted on the website. The link to our website is <https://charlottesvillerotary.org/> and to our Facebook page is <https://www.facebook.com/RotaryCville/>

**Rotary Club of Charlottesville**

Established 1921

## PRESIDENT'S CORNER

Since I have been your president, Rotary has **Opened Opportunities** and **Served to Change Lives!** Now, we are getting ready to **Imagine Rotary** and I am as excited as ever about the upcoming year!

We continue to support a myriad of international projects, including the first ever trauma training course for Palestinian doctors in Israel.

Locally, we are working hard to help maintain Ivy Creek Natural Area, and to support City of Promise adult computer literacy programs.

On June 7, we will install an "Our Little Libraries" box at the McIntire YMCA! All are welcome to come help out!!

## Leone's Literary Nook

This month's theme is fellowship. These books (two novels and a memoir) focus on friendship, a close form of fellowship.

My Brilliant Friend, by Elena Ferrante. The first in a highly praised series spanning nearly 60 years, that is now an HBO miniseries. In 1950s Naples, fiery Lila and bookish Elena become friends at ten years old. This first book follows that friendship through adolescence.

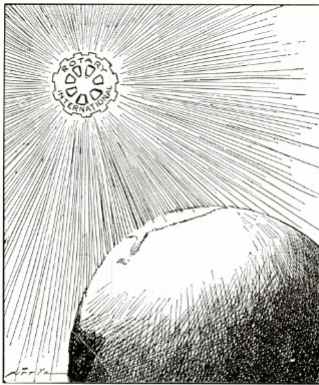

The Keeper of Lost Things, by Ruth Hogan. I keep a list of my five favorite books and this is on it. Anthony Peardew lost a keepsake from his fiancée, who died unexpectedly that day. For the rest of his life, he sought consolation in rescuing objects others misplaced. He bequeaths his estate to his assistant, Laura, who is recovering from a bad divorce. Laura moves into his mansion and finds new friends, who join her in realizing Anthony's last wish: reuniting his lost objects with their owners.

Tuesdays With Morrie, by Mitch Albom. A classic, this memoir is written by a man who lost touch with his college professor and mentor until he encountered Morrie again in the last months of Morrie's life. Mitch visited Morrie in his study every Tuesday, just as they did in college. Their rekindled relationship became a lesson in how to live.

In a recent carnival held at Dover, Ohio, the Rotary club took first prize for having the best float in the parade. The Dover Rotary club is active in welfare work for crippled children and is one of the most active supporters of the Ohio society for

crippled children, and this float was specially designed to symbolize not only the excellent work that is being done by the Rotary Club, but the vital importance that the proper care of crippled children has to the well being of the community.

THE LIGHT THAT SHINES!

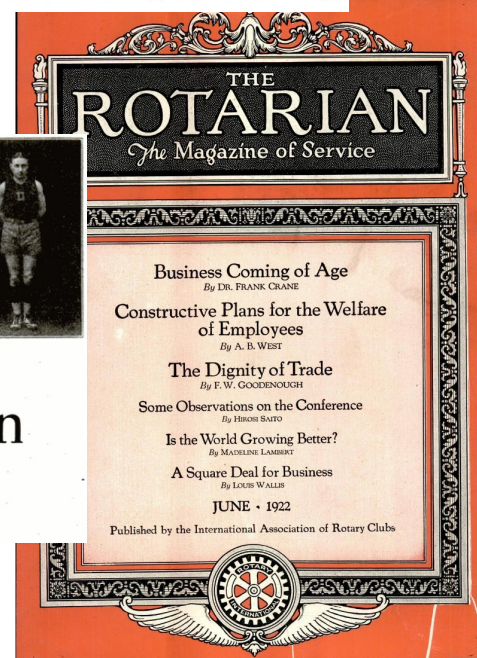

A Cartoon by Little in the *Tennessean* (Nashville, Tenn.).

Class of 1922, Davey Institute of Tree Surgery. Thorough scientific education, plus practical skill trained into them, makes these young athletes master Tree Surgeons

## A Million Dollar Business in Saving Trees

By Martin L. Davey, General Manager

Rotarian Charles Semmes, president of the Rotary Club of Washington, D. C., recently presented the club with a bus to be used for the transportation of wounded soldiers and orphans. The Washington Rotarians dedicated the bus by taking some thirty orphan boys to the White House to meet Cabinet

members. In the picture, left to right, are: Secretary of Labor Davis, Secretary of Agriculture Wallace, Ray Semmes, Postmaster General Work, Secretary of the Navy Denby, Charles Semmes, and George Dineen, designer of the truck. Secretaries Davis, Work and Denby are all enthusiastic Rotarians.
