HAPPY Hour and Installation

By Kenneth D. Weiss on Saturday, May 4, 2019

What a wonderful happy hour we had April 30th. **Sahar** was the perfect hostess as about 25 (no one counted) of us, members and guests, gathered for an evening of merriment. Frank was there with the **beautiful car** for which we are selling raffle tickets. The highlight was the **installation of Kelly Grossberg** as our newest member. Since our president, Scott, is her sponsor, the installation was done by President-elect, Richie. All indications are that Kelly will be a great Rotarian.

Flags and the Chevy

Saturday, May 4, 2019

It's time, it's time, **it's almost past time**. It's almost past time to **sponsor a flag** or be a corporate sponso, for our huge flag display in Bohrer Park on Memorial Day Weekend. This is a beautiful event, and everyone can be a part of it. Any member of the Rotary Club can sell sponsorships, and anyone in the world can buy one. **Get in on the action now**. We have less that three weeks to go.

Big News Bits from Bob

Saturday, May 4, 2019

Bob, Secretary of the Gaithersburg Rotary Foundation, announced this year's winner of the **Linda M. Hanson Scholarship**. It is for graduating seniors of Quince Orchard High School who have been outstanding in community service. The winner is Ms. **Jessica Abene**. She is expected to receive her award at our meeting on May 28th.

Bob said also that our club would be involved in **hosting Emelyne Robert**, a high school student from France. She will be in this area for a few weeks on an international student exchange program. We look forward to having her participate on one or more of our events. *Bienvenue, Emelyne*.

Rotarians Volunteering

Saturday, May 4, 2019

Rotary is a volunteer organization, and Rotarians are great volunteers. A few examples from this weekend:

- **Edco**, of the Rockville Rotary Club, spent the weekend of May 4th and 5th helping fix up a house in Washington, D.C. that badly needed maintenance and repairs. "... numerous trips to the trash dump," he said.

- **Ken** helped on Saturday evening with the city's *Milla de Mayo* run and cultural activity. He and Beatrice helped run a children's game for the city's Multicultural Affairs Committee

The 4-way Test

Of all that we think, say and do:

- Is it the truth?
 - Is it fair to all concerned?
 - Will it build goodwill and better friendships?
 - Will it be beneficial to all concerned?
-

- Most important, **Scott R. and Scott H.** spent Saturday at a retreat area, near Front Royal Virginia, where a one-week **camp for kids with cancer** is held every year. In 2018, it rained, and the opening night dinner and party had to be moved (after the rain stopped) outside the pavilion because its floor was dangerously slippery. After much research, our club decided on a method of roughening the floor to make it safer. Our two Scotts took the lead in doing the work, with other volunteers. Well done, guys! We look forward to seeing photos of them in their hazmat uniforms.
