## Presidents Letter February 1st, 2023 February – Peace Building and Conflict Prevention

Hello Lake Shore – Severna Park Rotarians!!

This months Rotary theme is Peace Building and Conflict Prevention. Anyone following the news knows this is a very sorely needed activity and Rotary supports it in many ways. We have conflict resolution training we support. We have Peace Fellowships we sponsor. We donate our time and money to lessen the need for conflict by addressing the drivers of disease and hunger. We live by the Four Way Test. Please take a little time to review Rotary's activities to support peace at <https://www.rotary.org/en/our-causes/promoting-peace> Ask yourself what you can do and if you can get involved. The world needs more peace.

We have been attending PTA meetings and beginning to define where we can help support their education efforts. Some other efforts we have going on to support education are the upcoming RYLA event. We have several schools expressing interest in having students attend. We also have the annual Four Way Speech contest. We are also getting interest in that. We will keep you updated on how many students join us in these events and if we have any winners for the contest.

The main upcoming activities for February are:

- Coordinating with schools for RYLA
- Planning for the Four Way Test competition. We will provides out the dates and any volunteer needs we have
- Continue our PTA outreach plan

## January 25th - Guest Speaker Charlie Pendorf

By Michael Naghdi on Wednesday, February 1, 2023

### The Hydrofarm - January 25th

Our guest speaker for tonight was Charlie Pendorf. Charlie and his wife operate a Hydrofarm in Churchville community in Hardford county, Maryland.

Charlie shared his story of how they started the farm and the challenges they endured.

The Hydrofarm is a hydroponic, produce, poultry, egg farm and firewood producer. They aim to bring locally grown, non-GMO, pesticide-free produce and eggs to our community year round.

### Story by Bill Leroy;

Early last year, the Sons of the American Revolution (SAR) asked for me to help with their Patriot Research System. After some research and thinking about it, I decided that this was something that I could do, so I did. I have transcribed SAR applications from Maryland, Florida, Georgia, and France.

It has been interesting to see the various ways patriots helped the American Revolution, allowing their descendants to be able to join the SAR, DAR, and CAR. It has been doubly interesting to see names that people had in the 1700s and early 1800s, no longer in use.

In calendar year 2022, I put in a little over 200 hours, and will probably do 150 or so hours this year. It is a fun project. In appreciation, the SAR awarded me their Lafayette Medal with two Oak Leaf Clusters.

## Due Date for Four-Way Test Speech Competition is March 18

By Robert W. Nelson on Sunday, January 29, 2023

Registrations for Four Way Test contestants will be **due March 18<sup>th</sup>**. Need more information? Our website is:

<https://rotary7620.org/youth-programs/four-way-test-speech-contest/>.

Does your club sponsor an Interact club? Would that club be interested in participating in the 4-Way Test? Did you know that Interactors can participate in the 4-Way Test without their sponsoring clubs running a competition? Care to find out how?

Take care,

Matthew May, District 7620 Four Way Test Coordinator, 410.340.9127
