In the absence of a speaker, Charles discussed some ways to save money on your taxes. He advised one should be diligent and ask questions of your tax preparer or accountant. People should check their beneficiaries to make sure they are up to date. He discussed IRAs, hybrid cars, and 401 Ks as well as some proposed legislation under discussion in the Maryland General Assembly.

There were three on Zoom and a few in attendance in person at Stratosphere.

April 20, 2021

The following announcement was made:

- . It was noted that today is the anniversary of the founding of the Club which occurred in April of 1941. Happy Birthday!

The speaker was Krista Foster who has been in business for twenty years and has a plan to help people and organizations raise money by selling zip kits. The kits are supposed to promote a healthy lifestyle and are first aid kits for use by various groups or activities. Each kit is specifically designed with its contents formulated to meet the needs of specific organizations or groups such as sports, outdoors, Scouts, pets, cars, or offices to name a few. There are kits for HOSA, an organization to support future health care professionals. She suggested that selling these kits can raise funds to elevate your group's project. The group who is selling the kits receives 50% of the gross profits. At the conclusion of her presentation, she answered a few questions from the members present.
