Recycle My Battery at August 11th Meeting

At the meeting on August 11th, Amit Kumar and an impressive group of young people shared how they are working to keep batteries out of landfills. The founder of Recycle My Battery even joined the meeting vi Zoom.

Outbound Exchange Student Update Our outbound exchange student arrived safely in Belgium. Maddie was greeted in Brussels by her first host family and second host mom. She enjoyed a busy day in Brussels and then went to Dinant where she will be living. She attended their Rotary meeting yesterday and it was good to meet everyone.

I believe that diversity, equity, and inclusion ... begins at the top and for us to realize growth in female membership and members under the age of forty — these demographics need to see their own reflection in leadership. I will champion double-digit growth in both categories while never losing sight of our entire family.
