Welcome to the Rotary Club of Southern Frederick County

Rotary is an organization of business and professional leaders united worldwide who provide humanitarian service, encourage high ethical standards in all vocations, and help build goodwill and peace in the world.

Rotary club membership represents a cross-section of the community's business and professional men and women. The world's Rotary clubs meet weekly and are nonpolitical, nonreligious, and open to all cultures, races, and creeds. [More info.....](#)

Rotary membership provides the opportunity to: Become connected to your community. Work with others in addressing community needs. Interact with other professionals in your community; assist with RI's international humanitarian service efforts. Establish contacts with an international network of professionals. Develop leadership skills. Involve family in promoting service efforts. [More info.....](#)

Color on the Creek

Dr Peter Kremers spoke to our club about Color on the Creek water garden and their Sailing Through The Winter Solstice event. He talked about what it takes to build a boat and participate in the event. There is currently a wait list to have a boat in the event. Each boat needs a sponsor and a charity that the organization raises funds for.

Service Above Self

Being of service on Martin Luther King Day, Kristin LeDuc, Cliff Barr, and Phil Kline helped the Urbana Green Team with clean-up along the Peter Pan Trail. The Urbana Green Team provided awareness of how we can contribute to improving our trails. Pictured below are Cliff Barr, Kristin LeDuc, Carey Knox Murphy, and Phil Kline.

February 2nd meeting with Guest Speaker Ben Fritton

Although normally we don't RSVP for our club's weekly meeting, it would really be helpful if you would for our February 2nd meeting which will be at Bar-T Ranch. Please invite friends and family. email SFRCevents@gmail.com and tell us how many people will be attending. Ben Fritton is the director of The Reed Center. The REED Center is a Maryland-based nonprofit that seeks to repair the holistic connection of humans and their environment through research, engaging communities in farm programming, developing self-perpetuating ecosystems, and designing natural landscapes on residential and commercial scales.

REGISTER NOW
