What You Missed ...

By Sara Hickey on Sunday, September 11, 2022

Last week, we heard from Karen Aspinwall, our new Service Projects Chair. She defined a Service Project as "a club endorsed project that uses funds and club members' time to benefit those in need... [it] is not a fund-raising activity but may include a fund-raising component to support its specific goal..." Therefore, the chair's "main responsibility is to act as a resource and actively assist ... in planning, documenting, and reporting activities." One of her passions is organization and documentation, so she promises to archive the project reports in DACdb, something the club has not done well in the past. She will be the coordinator of the committee and liaison between them and the Board of Directors, so

she is looking for an enthusiastic team to help come up with and plan these projects. If service is your passion, please see Karen to find out how you can help.

Karen also gave a brief update on the Grant Project with NEES. She will be meeting with the science supervisor for CCPS and Fair Hill representatives to finalize the curriculum shortly and will be presenting a prototype of the program to the club in the fall.
