As we continue on our journey in 2021 let us not forget the commitment we made as Rotarians to make a difference in the world. I hope that contributing to the CART Fund is part of that commitment. The rapid creation of the recent COVID vaccine reminds us that the foundation for cures, vaccines and treatments begin with basic research. Those amazing scientists who often go unnoticed, who work diligently to begin that process.

Grants from the CART Fund are the seeds needed by the scientists to create new or continue their research projects. We look forward to sharing the new grantees and their projects with you in the next few months. While no one can change the out-come of Alzheimer's or Dementia with the right support you can change the journey. This is probably the most important work that you can do
◆.Please open your hearts and contribute today.

Thank you, Michele

POLIO PLUS IS A SIGNATURE PROGRAM OF THE ROTARY FOUNDATION

PolioPlus is Rotary's priority program which supports global efforts to eradicate polio. It was launched in 1985, with the help of Dr. Albert Sabin, developer of the oral polio vaccine, as a worldwide program to protect children from the cruel and fatal consequences of polio. In 1988, the World Health Assembly challenged the world to eradicate polio, and since that time, Rotary's efforts, along with partner agencies, including the World Health Organization, UNICEF, the U.S. Centers for Disease Control and Prevention, and governments around the world have achieved a 99 percent reduction in the number of polio cases worldwide.

As of 2018-19, The Rotary Foundation has raised over US\$1.6 billion for polio eradication. By the time the world is certified polio-free, our contributions will make Rotary the largest non-governmental financial contributor to the global polio eradication effort.

You can help end polio by making a gift to the PolioPlus Fund at endpolio.org.
