## INTERACT MAY UPDATE

**Jacob Kerber**

### INTERACT MAY UPDATE

In our last full month of the school year, Interact has continued our community service work around Asheville, working with new organizations and familiar ones! We also prepared for our next year of serving the Asheville community.

On May 10th, Interact volunteered at the Jones Spring Fling. Several of our volunteers helped with face painting, childcare, and more! We all had a great time with the kids there, and are hoping to return and help out again next year.

On May 16th, the Interact leadership team gave our annual presentation at the rotary luncheon. We had a really great time meeting the Rotarians and are incredibly grateful for all of your support. [Read More](#)

## LAST WEEK'S PROGRAM

By Susan Harper

President-Elect Eva Michelle filled in for President Pat who was on vacation. She introduced Jennifer Jones, the first female President of Rotary International.

Jennifer Jones is a self-described "Storyteller in Chief" of her marketing firm in Windsor, Canada and that is an apt description. She shared stories from her **Imagine Impact Tour** during her presidency that covered 6 continents and reached 1.3 billion people.

Jennifer feels if we dream our wildest dreams, we can make them happen. She shared words of wisdom from her brother as he coached her for a media interview about creating a civil society. "In order to live in the kind of society you want, you have to build it." She reminded us that as Rotarians, we envision a world where people unite to create lasting change in ourselves and the world. She thinks that creating lasting change in ourselves might be the most important part of that statement. She encouraged us to create a space for everyone to have an opportunity to serve.
