Subject: St. Gerard House

President's Update September 13, 2022

By Laura J Phipps on Sunday, September 11, 2022

September 13, 2022
President's Update

World Polio Day is October 24, 2022!

Please mark your calendar as our club plans a community awareness project while raising money for Polio Plus.

The eradication of polio is one of Rotary's most significant efforts. Along with partnerships across the globe, Rotarians have helped to immunize over 2.5 billion children in 122 countries.

In our February 2021 ROTARY magazine, we celebrated a significant milestone with the WHO African region being certified free of the wild poliovirus, at a cost of nearly \$890 million.

Today, the detection of the vaccine-derived poliovirus type 2 case in New York, along with virus detection in environmental samples in London reminds us of the importance of vaccination. Our work is not yet done.

Stay tuned for more updates about World Polio Day, and how we all can contribute as "People of Action."

Yours In Rotary Service,
Laura

Care & Concern, 9/9/2022

By Craig M. Kirkpatrick Jr. on Friday, September 9, 2022

Once again, Ron Holt is gradually getting better as his neck heals. He's looking forward to a visit with his Chapel Hill doctor on or about September 28th. Please continue with your prayer vigil for this great Rotarian. So far, those prayers have done wonders. Thanks!

On another note, if you become aware of any of our Rotary members or their families who are dealing with medical issues, please let me know. My number is 828-691-1693. I'll be glad to call the member in question and see if bringing their particular problem to the group as a whole would be helpful. Thanks so much--Craig K

Club Fund Raising

Since the eradication of the Polio virus in the United States in 1979, many have forgotten about this crippling virus. That was until recently when a case of the vaccine-derived poliovirus type 2 surfaced in New York, and isolates in several environmental samples collected in London are reminders that as long as polio exists anywhere, it is a threat everywhere. The individual that unfortunately contracted the virus was not vaccinated. This highlights the importance of vaccination as the only form of protection against polio and other vaccine-preventable diseases.

Now is the time for clubs to start planning for an event to raise awareness and funds to help Rotary complete this mission of ridding the world of Polio. In the past, clubs have used "Purple Pinky Fundraisers", "Pints for Polio" and "Run for Polio" as such an event. To learn more on how to plan an event, you can contact one of us on the Zone 33 Public Image Team, or go to

<https://www.endpolio.org/>

resource-center.

From Our District Governor

By Julie P. West on Thursday, September 1, 2022

Rotary has a long history of providing service to youth. Each year, more than 300,000 young people participate in Rotary programs like Interact, Rotary Youth Exchange, and Rotary Youth Leadership Awards (RYLA). Many club and district mentoring programs, immunization efforts, job training programs, literacy projects, and other initiatives also help young people or other vulnerable populations.

Unfortunately, no organization or program is invulnerable to abuse or crises. They can and do occur in even the most seemingly positive settings. Predators often seek teaching, coaching, or other positions that give them access to children and teenagers. Others who are committed to working with youth sometimes find it hard to believe that some adults will abuse the trust placed in them, so they may not notice the signs. Rotary takes youth protection very seriously, and it relies on our members to foster safe environments that prevent abuse and to respond appropriately when it occurs.

The youth of District 7670 are a valuable part of the communities in our area and benefit from the many services Rotarians give. As part of the commitment of being a Rotarian, youth protection should be a high priority. Rotary International's Statement of Conduct for Working with Youth states:

Rotary International strives to create and maintain a safe environment for all youth who participate in Rotary activities. To the best of their ability, Rotarians, Rotarians' spouses and partners, and other volunteers must safeguard the children and young people with whom they come into contact and protect them from physical, sexual, and psychological abuse.

Rotary International has valuable training material for Youth Protection Services and all Rotarians who choose to participate in events, projects, etc. involving youth, must complete the Youth Protection education in MyRotary.org. Below are instructions to help you easily find and complete this training.

Sign in to [myRotary.org](https://myrotary.org)
Click **Learning & Reference**
Click **Learning Center**
Click **General** in the Course Catalogs
Click **Protecting Youth Program Participants**

All Rotarians are encouraged to complete this training and commit to protecting the youth of our District. Let's stand by the young individuals!!

DACdb TIPS - Using PMail to Contact Committees

By Joey Macaluso on Thursday, September 1, 2022

Calling all Committee Chairs!!! Did you know you can use DACdb to keep in touch easily with all your committee members? Its simple:

1. Log in to DACdb
2. Click the "My CLUB" tab at the top of the page.
3. Click on Club Committees
4. From the list click the **PMail Icon**  next to the committee you want to contact.
5. Add a subject and compose your email in the space provided.
6. When you are ready click Send, at the top right!

Club Committees

The TO list on the mailing page will list those you are sending the email to. This includes all the committee members that have listed email contacts in DACdb. You can also add more members by clicking the **TO button** and using the pop-up window.

Leaving the Dear {%FName%}, in the text will allow PMAIL to auto-fill the person's first name when sending the email.
