### President's Update September 20, 2022

By Laura J Phipps on Sunday, September 18, 2022  
President's Update September 20, 2022

Literacy is "the ability to read and write", or so I thought.

That traditional definition has expanded to include so much more, as we heard last week from Katrina McGuire, Executive Director of Blue Ridge Literacy Council. Comprehension, critical thinking, financial & health literacy are just a sample of how lives are transformed with knowledge.

As a club and as individual Rotarians, we have numerous opportunities to change the literacy and educational potential of children and adults in our community. By supporting organizations like Blue Ridge Literacy Council, we are transforming lives whether by volunteering to be a tutor, participating in events or conducting a book drive.

On October 12<sup>th</sup>, Rotarians will be gathering to label over 1,000 dictionaries to distribute to every 3<sup>rd</sup> grade student in Henderson County.

On October 15<sup>th</sup>, Blue Ridge Literacy Council is hosting a "Walk for Literacy" at Patton Park from 11:00am-2:00pm. This one-mile walk will host table sponsors, tutors, and students.

A "Book Drive for Literacy Month" will take place during our next 4 meetings. We will be collecting NEW books for children, teenagers & adults. Many of the adult students at the Literacy Council are learning English, so easy to read adult novels are appropriate. Our club will host a table at the walk on October 15<sup>th</sup> and distribute these books to all attendees.

Imagine the impact of putting new books in the hands & homes of more children & adults!

"Imagine Rotary"

"Today a reader, tomorrow a leader." (Margaret Fuller, American journalist)

Laura

### Care & Concern, 9/16/2022

By Craig M. Kirkpatrick Jr. on Friday, September 16, 2022

Ron Holt and his wife Becky are starting to get out and enjoy themselves. This morning, it was the flower show at the Arboretum (and I may have spelled that wrong) and, get this, he was pruning some overhanging branches this afternoon, trying to keep his driveway clear. So, things are starting to get back, ever so gradually, to normal. He'll know more once he sees his Chapel Hill doc on Wednesday, September 28th. In the meantime, please continue to keep those prayers going. They really seem to be working.

Larry and Helen Elliot are doing about as well as can be expected following their recent testing positive for COVID. We were all holding our breath given Helen's somewhat compromised immune system, but things are going well. Except, of course, for the usual sore throat and feeling tired all over. God is good!

## Protecting Our Youth is a Rotary Goal

## October 24th is World Polio Day

By Tim Radford on Thursday, September 8, 2022

Since the eradication of the Polio virus in the United States in 1979, many have forgotten about this crippling virus. That was until recently when a case of the vaccine-derived poliovirus type 2 surfaced in New York, and isolates in several environmental samples collected in London are reminders that as long as polio exists anywhere, it is a threat everywhere. The individual that unfortunately contracted the virus was not vaccinated. This highlights the importance of vaccination as the only form of protection against polio and other vaccine-preventable diseases.

Now is the time for clubs to start planning for an event to raise awareness and funds to help Rotary complete this mission of ridding the world of Polio. In the past, clubs have used "Purple Pinky Fundraisers", "Pints for Polio" and "Run for Polio" as such an event. To learn more on how to plan an event, you can contact one of us on the Zone 33 Public Image Team, or go to

Rotary has a long history of providing service to youth. Each year, more than 300,000 young people participate in Rotary programs like Interact, Rotary Youth Exchange, and Rotary Youth Leadership Awards (RYLA). Many club and district mentoring programs, immunization efforts, job training programs, literacy projects, and other initiatives also help young people or other vulnerable populations.

Unfortunately, no organization or program is invulnerable to abuse or crises. They can and do occur in even the most seemingly positive settings. Predators often seek teaching, coaching, or other positions that give them access to children and teenagers. Others who are committed to working with youth sometimes find it hard to believe that some adults will abuse the trust placed in them, so they may not notice the signs. Rotary takes youth protection very seriously, and it relies on our members to foster safe environments that prevent abuse and to respond appropriately when it occurs.

The youth of District 7670 are a valuable part of the communities in our area and benefit from the many services Rotarians give. As part of the commitment of being a Rotarian, youth protection should be a high priority. Rotary International's Statement of Conduct for Working with Youth states:

***Rotary International strives to create and maintain a safe environment for all youth who participate in Rotary activities. To the best of their ability, Rotarians, Rotarians' spouses and partners, and other volunteers must safeguard the children and young people with whom they come into contact and protect them from physical, sexual, and psychological abuse.***

Rotary International has valuable training material for Youth Protection Services and all Rotarians who choose to participate in events, projects, etc. involving youth, must complete the Youth Protection education in MyRotary.org. Below are instructions to help you easily find and complete this training.

Sign in to **myRotary.org**
