Miss USA Promotes Empowering Girls at District Conference

By Tiffany Ervin on Monday, March 20, 2023

We have just added an incredible speaker to our line-up for Sunday morning, so be sure you're planning to stay till the end! **Morgan Romano**, a chemical engineer from Charlotte, NC, will be with us to talk about the importance of Empowering Girls and encouraging them to consider a career in science!

You'll hear more soon about an opportunity we have to help her put STEM kits in schools in Western North Carolina. But more importantly - Morgan just happens to be **the new Miss USA**!! She's not only beautiful but also intelligent and talented. [You can read more about her here.](#)

With Morgan AND Clebe McClary, our Sunday morning session will be one for the record books!!

Which club will be recognized for having the most attendees?? (**Four Seasons** is currently leading the race, with **Pisgah Forest** a close second....)

I love all the "smack talk" going on between clubs for who will have the best "parasol" for the Parade of Clubs on Friday night... send us pics of you guys with your blank umbrella, or pics of you working on them, so we can share on our social media. I can't WAIT to see what you come up with!
