- Monday, Oct 28 - 5:30pm - TBA

"First Monday" Social-Dry Falls

Sunday, October 13, 2019

"First Monday" is a thing, right? It is to Four Seasons Rotary...

Each month, we select a different local business to host our "Rotating" Rotary fellowship. Monday, Oct 7, we visited one of Hendersonville's newest breweries, Dry Falls. A great time was had by all who attended. (Looks like our DG Tiffany is getting the "big head" though, doesn't it?)

Watch for an announcement of next month's location and join us for food, fun and fellowship!

Pints for Polio - Guidon Brewing Co

By Tiffany Ervin on Sunday, October 6, 2019

Look at all those Four Seasons Rotarians out at Guidon Brewing in Hendersonville this weekend showing their support for Pints for Polio! Please be sure to visit sometime during October & thank these folks for supporting Four Seasons Rotary and the effort to eradicate polio. They will select a different beer each week to donate \$1 per pint to PolioPlus! #EndPolioNow

"Field Trip to IAM" - Four Seasons Rotary

By Robert Engstrom on Wednesday, October 2, 2019

On Monday, Sept. 30, Four Seasons Rotary took a "field trip" to do a service project at Interfaith Assistance Ministry (IAM). Members brought 190 lbs of nonperishable food items to stock the IAM pantry for Thanksgiving and Christmas meals. Members helped clean shelves in a cooler before putting away perishable items. Nonperishable items were put on shelves and hundreds of plastic shopping bags were rolled for use in distributing food items.

Dick Miley presented a check for \$195 to IAM to help purchase needed items. The money was

World Polio Day-Thurs, Oct 24

By Tiffany Ervin on Monday, September 23, 2019

World Polio Day will be celebrated around the globe on Thursday, Oct. 24, and even in Henderson County! The Four Seasons Rotary Club will once again sponsor "Light Up Henderson County" in an effort to increase public awareness of the disease. "PolioPlus" is Rotary International's signature project, having reduced polio cases by more than 99.9% in the past 30 years. Yet two countries, Pakistan and Afghanistan, are still endemic.

In honor of World Polio Day, the Four Seasons Rotary Club will "light up" the Henderson County Historic Courthouse in a ceremony on Main Street. Special activities and guests are being planned, so watch for more details, but save the date and plan to attend this activity that was enjoyed by so many last year.

Guidon Brewing has also agreed to support World Polio Day through "Pints for Polio" by donating \$1 per pint of a selected beer during the month of October!

Rotary Report-September 2019

By Tiffany Ervin on Friday, October 11, 2019

Happy Fall Y'all! Here is the September edition of our monthly video newsletter...please take just 5 minutes to watch & then share on your social media accounts so we can let everyone in the world know our district is made of amazing #PeopleOfAction who understand how to #HaveFunDoGood! Thanks for all you are doing...look forward to seeing you soon! [Click here to watch & don't forget to subscribe to our YouTube channel!](#)

Guatemala

By William C. Rawlings on Monday, October 7, 2019

Rotary Simple School project in Guatemala almost to the finish line but needs your help now!

First, we would like to thank all Rotarians throughout District 7670 for the support you've shown for our Simple School Global Grant effort in Tzanchaj, Guatemala. The project has been progressing well as a result. Support has been not only strong from our District, but also from our host Rotarians in Panajachel, Guatemala, and from the community of Tzanchaj, where the enthusiasm for getting this school built is inspiring.

For those not familiar, we are in the midst of pursuing a Global Grant through an RI pilot program called Constructing Simple Schools Using Global Grants. We are partnering with Rotary Peace Fellow David LaMotte, and his non-profit PEG Partners, to build a school serving around 60 children, age 3 through 1st grade, 4 teachers and a director, in the Mayan village of Tzanchaj, near Santiago, Atitlán.

This three-classroom school will be built to meet the Guatemalan Ministry of Education's standards. And the school will make a concerted effort to preserve the local Mayan culture in Tzanchaj, and teach the

students in both the local language, Tzutujil, and Spanish. It is also free for children that could not otherwise afford the costs associated with public schools, such as books and uniforms. The aspiration of the teachers and community is for the school to eventually grow to encompass higher grade levels, and to double as a community center in an extremely impoverished area.

We have been working through the design phase with a local architect for many months, submitting plans to the Ministry of Education and making the

required changes to ensure this will be a safe and secure environment for these children, as well as meet the appropriate standards for accreditation.

A little over a month ago we received the stamp of approval from the Ministry of Education and the bidding process began. We've received 3 estimates from local contractors, and have spent the last couple of weeks assessing those estimates and vetting the contractors. Through our assessment efforts, consulting the local Rotary Club in Panajachel, and speaking with local residents with experience building in the area, there is little question regarding which estimate we should choose.

Unfortunately, the estimate that we believe will ensure the success of this project came in above the funds that we have been able to raise thus far.

Clubs in our District have committed over \$35,000, and after District and World Fund matches this gives us close to \$90,000. The amount of support has been incredible, and for that we are thankful. But as it turns out we'll need a total of about \$105,000 to build the school we would like to provide for these children. **That leaves us about \$10,000 short of the club funds we need. The match for these club funds would get us there.**

And now we would like to make a plea to all of the clubs in District 7670 to help us reach this goal. We've come too far to fall short of building the best possible school we can provide for these 60 kids. Watch this [short video](#) from David LaMotte's and hear his personal appeal.

And if you feel your club can contribute you can contact me at brawlings@rawlingsrem.com or (828) 776-1118. Thank you for your consideration.
