## CPR Meetings Upcoming Presentations

### Mar 18 - Club Assembly

### Mar 25 - Roof Above - Liz Clasen-Kelly

Liz Clasen-Kelly is the CEO of Roof Above, formerly the Men's Shelter/Urban Ministry Center. Originally from Kingsport, Tennessee, Liz attended Davidson College where she interned at [Piedmont Courts](#), a former housing project at the corner of 10th and 12th Streets, one of the Charlotte's original center city housing developments. It was this internship that prompted Liz to dedicate her life to fighting homelessness.

In 2001, Liz joined the staff at [Urban Ministry Center](#) uptown with an unyielding mission to help the most vulnerable homeless populations in Charlotte. But she thought to truly serve the homeless population, a community shift was needed to meet the root cause of homelessness: that need is housing.

### Apr 1 - Life Lessons from the Tip of the Spear - John Haney

As an Air Force Academy graduate and fighter pilot with 169 combat missions under his belt, John has learned a lot about what it takes to be successful. John will share the highs and lows of his military service, plus some inspirational stories.

John is an Air Force Academy Distinguished Graduate, Pilot Training Distinguished Graduate, F-15E Instructor Pilot with more than 2,500 hours of flight time in USAF aircraft. Investor in multifamily real estate properties valued at more than \$100 million. Currently running his own business helping entrepreneurial leaders get more of what they want from their businesses.

### Apr 8 - RJR Story of Merger - Gene Hoots, Author "Going Down Tobacco Road"

GENE HOOTS worked for R. J. Reynolds in Winston-Salem for 21 years where he saw its empire grow and then be destroyed by [Barbarians](#) in 1989 in the biggest leveraged buyout in history. Gene is a native North Carolinian who lives in Charlotte today but often travels to Montana and Europe.

For years, he says he felt there was an untold story that needed to be shared, given RJR Tobacco's long history in becoming the world's largest tobacco manufacturer and the local blue-collar millionaires it produced. The documentary [Barbarians At The Gate](#) in 1989 told some of the story, but he felt no one had covered it from the beginning in 1875 until the present especially focusing on the impact on the RJR people and communities. He threw in a bit of the history of tobacco in America since 1611, all to create an interesting read.

### Apr 15 - Economic Development - Tracy Dodson, Ass't City Manager

Tracy Finch Dodson has been an Assistant City Manager for the City of Charlotte since May 2018 and was Director of Economic Development, including Intergovernmental Relations, Innovation & Technology, and

## ROTARY ♦S DIVERSITY, EQUITY AND INCLUSION STATEMENT

As a global network that strives to build a world where people unite and take action to create lasting change, Rotary values diversity and celebrates the contributions of people of all backgrounds, regardless of their age, ethnicity, race, color, abilities, religion, socioeconomic status, culture, sex, sexual orientation, and gender identity.

Rotary International adopted this statement on DEI in January 2019 and formed a Task Force bringing together experts from across the world to devise a plan that assesses the state of DEI within Rotary and articulates

a vision that incorporates differences, needs and priorities with an international approach. They hope to have an action plan by July.

## Atrium Health - Schedule Your Vaccine

*From Christy Smith who works for Atrium Health*

On Wednesday, Jan. 6, Atrium Health became the first health system in the region to begin providing mass vaccinations to those who are at least 65 years of age, following guidance from the North Carolina Department of Health and Human Services and the Centers for Disease Control and Prevention's Advisory Committee on Immunization Practices.

Thousands have scheduled their appointments with ease through their existing [MyAtriumHealth account](#). Those who don't have a [MyAtriumHealth account](#) can create one or schedule a vaccination appointment by phone at 704-468-8888. Vaccination appointments are required due to current vaccine supply and storage requirements of the Pfizer-manufactured vaccine. Once vaccinated, it is also required for patients to remain on-site to be continually monitored by a medical professional for 15 minutes following their vaccination. This safety measure applies to both drive-thru locations and office visits for teammates who receive their vaccination in one of our facilities.

The best Atrium Health community resource is [AtriumHealth.org/COVID19Vaccine](https://www.AtriumHealth.org/COVID19Vaccine). Here you will find:

- How to schedule an appointment
- How to get notified when you are eligible
- Frequently Asked Questions

Another good source is our blog, [AtriumHealth.org/DailyDose](https://www.AtriumHealth.org/DailyDose). Here you will find:

- New updates on Mass Vaccination Events
- Interviews with our experts on everything from safety to pregnancy
- Stories from people who have been vaccinated
