Santiago, Dominican Republic March 21st-29th 2025

They say it takes a village...but we brought 36! In just one week, our mighty rotary crew built *four new homes* for some incredible families in Santiago, Dominican Republic. These weren't just houses; they were fresh starts filled with hope, gratitude, and even a few surprise household items we left behind to help them settle in.

We were welcomed by the most wonderful host families who made sure we were well-fed, well-rested, and just a little bit spoiled. Our week wasn't *all* nails and tool belts, we also got to visit CISAMA School (a long-time club partner), and those kids threw us a farewell party that could've made Beyoncé jealous!

Whether it was cutting boards or mixing on the dance floor at the Sweet 15-themed send-off, this trip was the perfect example of *service above self*. It wasn't just about what we built, it was about the bonds, the belly laughs, and the belief that together, we can make a difference.

Weekly Rotary Meeting -- 5.12.2025 Guest Speaker Laura Thurston Gutman

Rotary Club of Durham

Weekly Rotary Meeting

Monday, 5.12.2025 --- 12:30pm -- 1:30pm

Durham Bulls PNC Triangle Club, 3rd Floor, Durham, North Carolina

Guest Speaker: Laura Thurston Gutman

Presentation Topic: Army Brat

Author Laura Thurston Gutman lived deeply embedded within the US Armed Forces from before the United States' earliest entry into World War II through the Vietnam era. Chronicling pivotal events during those years, this historical autobiography describes a life inextricably intertwined with the military. From her birth at West Point's hospital, to her cobbled-together education, and witnessing her father's many military honors, Laura's childhood was one of intense awareness of the danger her father faced and the courage her mother displayed. As she grew older, she lurked in the

background during long evenings of intense discussions of policy. Through the constant upheaval and disruption so familiar to military families, Laura developed a radical independence, a determination to gain control over her life, and a fearless approach to her own education.

Chronicling the experiences of a strong military family as they witness and participate in the unfolding of history in a dangerous and challenging world, Army Brat identifies consequential insights into the critical importance of a strong religious foundation; an educational system dedicated to core concepts of nation and loyalty; and leadership that prioritizes sovereignty, national defense, and military support.

Laura Thurston Gutman is a retired pediatrician now living in Durham North Carolina. She lived her childhood as an Army Brat from birth and saw the onset of World War II. Her family remained at the core of the US Army through the Vietnam era and was often stationed in postings that included events of deep historical consequence.

She is happily married, also to a physician, and has two daughters with whom she is on close terms. Both daughters emerged into adulthood having escaped the calamities that now so common waylay the young. She looks back at her early life as an Army Brat with intense gratitude.
