## Rotary Club of Raleigh Forecast

It's shaping up to be another beautiful early fall week in central NC! Temperatures will be below average throughout the entire week. In fact, we could wake up to temperatures in the upper 40's this morning and Tuesday morning. Highs look to be in the upper 70s to low 80s with Wednesday expected to be the warmest day. A more humid air mass will move over the area on Thursday bringing us a chance of showers Thursday through the weekend.
