Weekly Bulletin 08/03/2022

See you on **Friday, August 5th**!

Another great week of attendance for our club last week with our great speakers Mike Raley and Rufus Edmisten and our 3 guests.

PLEASE NOTE: Upcoming Holiday Dates – No Friday Meeting
September 2, November 11, November 25, December 23, December 30

August 5 - Invocation, Pledge, and Introductions: Bob Goodson

August 5 – Speaker

This week's speaker will be Mr. Dan Mull to speak on Concealed Carry Laws. There will be a lot to learn and likely a lot of questions from our membership.

Thank you, Kevin and committee members, for bringing a mix of speakers to the club so that we continue to learn and explore perspectives.

Learning/Perspective Moment this Week – International Space Station

Did you see the ISS pass over us on Monday evening? It is always a marvel of technology and research that NASA brings to our country and world. Mike Giancola shared this information if you want to see when you may be able to get a view of it passing through the skies. [ISS sightings over your city | Spot The Station | NASA](#)

I have attached a piece that Mike wrote regarding the Space Station and the Overview Effect to our email. It is very inspiring and thought provoking – Thank you Mike.
